Rolling container swap body truck (WLW)

Specification

Business division
MUNK
Rettungstechnik

Order no.
REF-RC-
Wechseladerwagen-
WLW

Facts

- Designed as a flexible means of transport for a wide range of applications
- Ideal for moving loads and goods by a single person
- For accommodating everything from power generators and pumps to tents and support equipment
- Compact and robust construction made from high-strength aluminium profiles
- Easy to manoeuvre thanks to its low centre of gravity and long, foldable handles
- Secure fastening and tool-free locking of the load
- Integrated extension module for expanding the loading area or improving stability

- 2x ball-bearing castors, Ø 200 mm, with directional locks, internal drum brakes and deadman's control; resistant to dust, moisture and oil
- 2 pneumatic tyres, 400 mm in diameter, for off-road capability

Scope of supply

- Mobile container: 1 x
